#### **Buttercup Connection – How Could it Work?**

Following the initial efforts of the founding members, a small group of people have been working together to think through how it could work.

The fundamental purpose of the network is:

**“to help people explore themselves and links with others  
to find a better way of living.”**

The group discussed various approaches to creating a structure that would enable it to run in an Aquarian ‘non-structured’ way, such as:

- ?? Setting up autonomous groups wherever needed that allow people to share views in an open, non-invasive way, encouraging unconditional love and respect, and moving beyond judgement and manipulation.
- ?? A resource manual describing how to set up and run a Buttercup Connection group (which would also be available on the internet) would provide a start point for groups that can have the freedom to develop their own character whilst contributing to the whole.
- ?? There would be a voluntary basis to enable groups and individuals to provide funds to finance support activities and events including the newsletter and a website in due course.

The first **Course in Miracles** evening was held in April as part of the Buttercup Connection. Amongst the group of about 12 that met was Tony Neate, for whom it was a very special occasion. It was the first time in nearly 50 years that Tony had allowed himself to hear other channelled work. This was something in the past he has been guided to do to keep his own messages from H-A clear and untainted by other inputs.

We discussed the relevance of the Course's work in peoples' lives today, and everyone seemed to take home a personal message from the evening that was appropriate for them. In future evenings we will also explore the work of Conversations With God and the Starseed Transmissions, and see how their various messages can help us deal with life's many challenges in these changing days. The next meeting is on Wednesday 26<sup>th</sup> June at 7.00pm for a 7.30pm start.

Here is a quote chosen at random and offered to all in the Buttercup Connection – "You will not see the light until you offer it to all your brothers. As they take it from your hands, so will you recognise it as your own."

On 18<sup>th</sup> April, **H-A channelled through Tony Neate**, answered personal questions. The subject centred mainly on parenting and education, explaining that with the Aquarian energies increasing, there is more emphasis on mentally orientated subjects. This needs to be countered with more opportunity for creative imagination and for children's lives to be enhanced by music. "Planet Earth is a planet of music and yet it is being denied to children in school. Their contact with music, instead of being holistic, is . . . something they can throw their bodies into, but not their hearts. Music has a wonderful ability to touch the heart, bringing about a connection between the spirit and the body."

The next H-A is on Thursday 16<sup>th</sup> May when he will discuss 'How have different races on Earth come about'
